

888 TRADING
COMPANY LIMITED

COMPANY PROFILE 2026

TRADING FOR ORGANISATIONS AND THE PUBLIC SECTOR

One company, two product groups: premium and corporate merchandise, apparel and bags; and integrated electrical supply, IT systems and vehicles for government projects.

01 PREMIUM & CORPORATE MERCHANDISE

02 ELECTRICAL, IT & GOVERNMENT
VEHICLES

WWW.888TRADING.CO.TH

TRUSTED BY LEADING ORGANISATIONS

888 Trading Co., Ltd. serves private organisations and public-sector agencies with two product groups: premium and corporate merchandise, and electrical, IT and government vehicles.

For premium merchandise, the company handles every stage, from consultation and design to production, quality control and delivery. Electrical products, parts and components, IT systems and vehicles for government projects are supplied together with manufacturers and partners, including import and export.

One team handles enquiries for both product groups, from first advice to delivery.

PRODUCT GROUP 02

ELECTRICAL, IT & GOVERNMENT VEHICLES

888 Trading Co., Ltd. supplies electrical products that comply with project specifications, sourced from certified manufacturers and supported by full documentation, together with IT systems, vehicles for government projects, and import and export with our partners.

COMPLETE ELECTRICAL SUPPLY FROM CERTIFIED MANUFACTURERS

The Company procures and distributes a complete range of electrical products, including transformers, wires and cables, cable support systems, switchgear and protection devices, and electrical parts and components of every kind, together with IT and system integration and the supply of fire trucks and vehicles for government projects, for contractors, industrial clients, project owners and government agencies in Thailand and overseas.

Working with established, certified manufacturers, the Company delivers products that comply with project specifications, are supported by full quality documentation and arrive on schedule. IT systems and import and export are delivered together with our partners.

VISION

To be the most trusted supplier of electrical products for contractors and project owners.

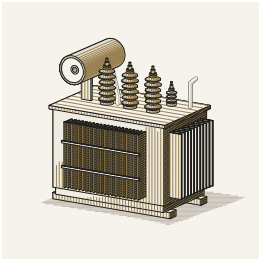

MISSION

To supply certified products at competitive prices, with complete documentation, delivered in line with each project schedule.

SEVEN CATEGORIES. ONE INTEGRATED SUPPLY.

01 TRANSFORMERS	02 WIRES & CABLES	03 CABLE SUPPORT SYSTEMS	04 SWITCHGEAR & PROTECTION
05 ELECTRICAL PARTS & COMPONENTS	06 IT & SYSTEM INTEGRATION	07 FIRE TRUCKS & GOVERNMENT VEHICLES	+ IMPORT & EXPORT

SEVEN CATEGORIES. ONE INTEGRATED SUPPLY.

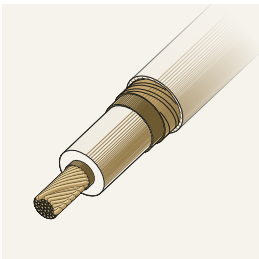

01 TRANSFORMERS

DISTRIBUTION & POWER TRANSFORMERS

Oil-immersed and dry-type transformers for PEA and MEA networks, industrial facilities and buildings. Each unit is routine-tested prior to delivery and supplied with a test report.

- CONSERVATOR TYPE
- HERMETICALLY SEALED
- POLE-MOUNTED
- CAST-RESIN DRY TYPE
- POWER TRANSFORMER

PRIMARY VOLTAGE	SECONDARY VOLTAGE	COOLING	TESTING	STANDARDS
22 · 24 · 33 kV	416 / 240 V	ONAN · ONAF · AN	Routine · Type · Special	IEC 60076 · TIS 384

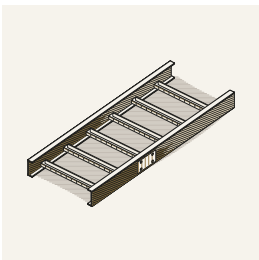

02 WIRES & CABLES

CABLES FOR EVERY VOLTAGE LEVEL

Copper and aluminium conductors manufactured to TIS and IEC standards by partner manufacturers Bangkok Cable, certified to ISO 9001, ISO 14001 and ISO 45001, together with Hanhe Cable and ZTT.

CATEGORY	TYPE / RATING	STANDARD
LV power cable	CV (XLPE) · NYY · 0.6/1 kV	IEC 60502-1
MV power cable	CV · CTS · 12/20 – 18/30 kV	IEC 60502-2
Fire-resistant cable	FRC · LSHF	IEC 60331 · BS 6387
Control cable	CVV · VCT	TIS 11 · IEC
Building wire	THW · VAF · 450/750 V	TIS 11
Bare conductor	AAC · AAAC · ACSR	IEC · TIS
Optical fibre cable	To project specification	IEC
Solar cable (DC)	H1Z2Z2-K · 1.5 kV DC	EN 50618

Planning guidance only; confirm against project specifications.

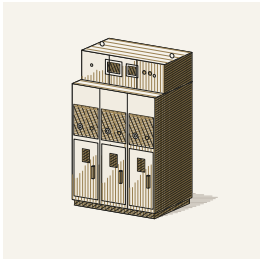

03 CABLE SUPPORT SYSTEMS

CABLE TRAYS, LADDERS & WIREWAYS

Fabricated from BS-standard steel sheet on CNC equipment, complete with fittings and accessories, with surface finishes selected to suit the installation environment.

CABLE LADDER	CABLE TRAY	WIREWAY	PERFORATED TRAY	
W 200-1000	W 200-1000	75×50-500×100	75×50-450×100	
STEEL THICKNESS	POWDER COATING	ELECTRO-GALVANIZED	HOT-DIP GALVANIZED	STANDARDS
1.0 – 2.0 mm	60 – 80 µm	BS EN 12329	ISO 1461	NEMA VE 1 · EIT

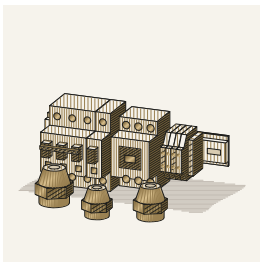

04 SWITCHGEAR & PROTECTION

SWITCHGEAR, PROTECTION & CONTROL

Switching and protection devices for MDB, DB and MCC applications, covering circuit breakers, motor control, energy metering and medium-voltage switchgear.

DEVICE	RANGE	APPLICATION
MCB · RCBO · RCCB	Acti9	Final circuits and earth-leakage protection
MCCB · ACB	ComPacT · MasterPacT	Main incomers and feeders in MDBs
Contactors	TeSys	Motor control in MCCs
MV switchgear	SM AirSeT · RM6	Medium-voltage distribution

05 ELECTRICAL PARTS & COMPONENTS

PARTS, DEVICES & MATERIALS TO YOUR LIST

Electrical parts and components of every kind, supplied to your bill of quantities (BOQ) or spares list: panel components, installation materials and maintenance spares, to the specified brand or an approved equivalent.

WHAT WE SUPPLY

Components for MDB, DB and MCC panels

Spares and replacements for maintenance

Installation materials to the full BOQ

To the specified brand or an approved equivalent

INSTALLATION MATERIALS

EMT, IMC, RSC and PVC conduit

Earthing and lightning protection

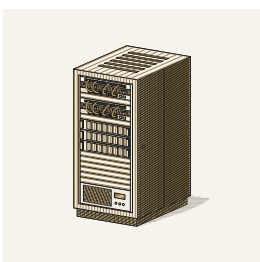

Lugs and cable glands

Enclosures and pull boxes

Lighting

Wiring devices

Supports, fixings and consumables

06 IT & SYSTEM INTEGRATION

IT SYSTEMS DELIVERED WITH PARTNERS

IT equipment and system integration delivered with our partners to the scope and specification of each project, with the Company as your single point of contact from brief to handover.

WHAT WE COVER

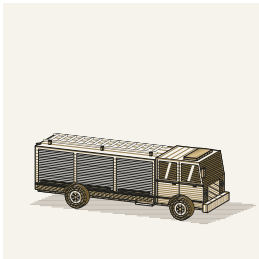

IT equipment

Network equipment

Structured cabling and optical fibre

Racks and power for equipment rooms

Integration to the project's terms of reference (TOR)
